Corona Virus (COVID 19) Statement

Brisbane Seniors Online recognises the concerns that members may have regarding the Corona Virus (COVID19) and its potential effect on the BSOL family. Based on advice from the Federal Government, Department of Health website, BSOL has taken the following comments/recommendations:

1. The BSOL office has been closed. Phones and emails will be monitored, and responses provided at the earliest opportunity. The post box will be cleared a number of days each week.
2. All Special Interest Groups and Hub Meetings are cancelled until further notice.
3. Direct Learner/Mentor interaction is cancelled until a time recommended by the Federal Government Health Department.

BSOL encourages all members to maintain good hygiene practices at all times to ensure they prevent the disease from spreading and protect against catching the disease.

BSOL will continue to monitor the Health Department recommendations and will update this statement as and when appropriate.
